2. Once all "3" players are selected, then "2" players must be drafted. If a coach has a "2" rated son/daughter, they must pick their son/daughter first from the "2s". If a coach has a "1" rated son/daughter, they will pick any player from the "2s".
3. Once all "2" players are selected, then "1" players must be drafted. If a coach has a "1" rated son/daughter, they must pick their son/daughter first from the "1s."

Result = relatively fair teams:)
